

First Two Weeks

Here is a set of guidelines for the first two weeks of the semester.

- (1) The course will be delivered online and asynchronous.
- (2) You do not need to purchase any materials for this class. No textbook and no code. Plenty of free material will be provided for you.
- (3) Videos, notes, and homework will be posted by 9:00 AM every Tuesday and Thursday.
- (4) Quizzes will begin on 1/20/22. Quiz policies and submission procedures are detailed in the syllabus and in a posted video titled “Using HuskyCT.”
- (5) Office hours will be exclusively virtual. They will be Tuesday and Thursday from 9:30 - 11:00 AM starting 1/20/22. See the “Using HuskyCT” video for more details.
- (6) I highly recommend reading the syllabus, watching the “Using HuskyCT” video, and watching the “Final Grade Template” video.
- (7) Don’t hesitate to email any questions you may have.
- (8) Pending further University action, we will return to in-person instruction on 2/1/22.
